

## **gp160 (6244.13.B5.4567)**

|               |                                                              |
|---------------|--------------------------------------------------------------|
| Cat No.:      | 01-01-10033                                                  |
| Product Name: | gp160 (6244.13.B5.4567)                                      |
| Description:  | gp160 (6244.13.B5.4567)                                      |
| Type:         | Vector                                                       |
| Property:     | Vector                                                       |
| Origin:       | USA                                                          |
| Vector:       | pcDNA3.1                                                     |
| Applications: | Construction, Expression                                     |
| Formulation:  | The purified plasmid soluble in TE buffer.                   |
| Storage:      | Store at -20°C, Avoid freeze / thaw cycle.                   |
| Limitation:   | For research use only, not for use in diagnostic procedures. |
| Note:         | Clade B                                                      |
