

Human BAFF/BLyS

Cat No.:	03-04-1312
Product Name:	Human BAFF/BLyS
Description:	BAFF is a cytokine that belongs to the tumor necrosis factor (TNF) ligand family that binds to TNFRSF13B/TACI and TNFRSF17/BCMA. TNFSF13/APRIL binds to the same 2 receptors. Together, they form a 2 ligands -2 receptors pathway involved in the stimulation of B- and T-cell function and the regulation of humoral immunity. A third B-cell specific BAFF-receptor (BAFFR/BR3) promotes the survival of mature B-cells and the B-cell response.
Type:	Protein
Property:	Protein
Source:	HEK293
Genbank No.:	Q9Y275 (aa.68-285)
Applications:	WB,ELISA,Immunogen
Formulation:	Each vial contains 50
Purity:	>95%
Storage:	Store at -80°C,Avoid freeze / thaw cycle.
Limitation:	For research use only,not for use in diagnostic procedures.
Reference:	TNFSF13B
