

Human CD366(TIM-3)

- Cat No.: 03-01-2378
- Product Name: Human CD366(TIM-3)
- T-cell immunoglobulin and mucin-domain containing-3 Description: (TIM-3), is a protein that regulates macrophage activation. Inhibits T-helper type 1 lymphocyte (Th1)-mediated autoand alloimmune responses and promotes immunological tolerance. May be also involved in T-cell homing. Receptor for LGALS9.TIM3, an immune checkpoint, is a Th1-specific cell surface protein that regulates macrophage activation and enhances the severity of experimental autoimmune encephalomyelitis in mice. The Tim-3 pathway may interact with the PD-1 pathway in the dysfunctional CD8+ T cells and Tregs in cancer. Type: Protein **Recombinant Protein** Property: Source: **HEK293** Genbank No.: Q8TDQ0 (aa.22-202) Applications: ELISA, WB, Immunogen

Formulation: Each vial contains 50ug purified protein(1mg/ml) in PBS(pH7.4).

Purity: >95%

Storage: Store at -80°C, Avoid freeze / thaw cycle.

Limitation:

For research use only, not for use in diagnostic procedures.
