

## HA1(H3N2v)(A/Indiana/07/2012)

Cat No.: 01-02-0477

Product Name: HA1(H3N2v)(A/Indiana/07/2012)

Description: HA1(H3N2v)(A/Indiana/07/2012)

Type: Recombinant Protein

Property: C-terminal 6xHis tagged HA1(H3N2v)

(A/Indiana/07/2012)(a.a.13-342)(Genebank Accession No.

ACN98096), which is a strain recently transmitted to human.

Source: HEK293

Genbank No.: ACN98096

Applications: WB standard, antibody ELISA, immunogen, etc

Formulation: Each vial contains 100 ug purified protein(1mg/ml) in

PBS(pH7.4).

Purity: >95%

Storage: Store at -80°C, Avoid freeze / thaw cycle.

Limitation: For research use only, not for use in diagnostic procedures.
