

P2C (HAV)

Cat No.:	01-15-0012
Product Name:	P2C (HAV)
Description:	P2C (HAV)
Type:	Protein
Property:	The E.Coli derived recombinant 38.5 kDa protein contains the P2C immunodominant regions, amino acids 1121-1234.
Source:	E.coli
Applications:	WB standard, Ab ELISA, immunogen, etc.
Formulation:	Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).
Purity:	>95%
Storage:	Store at -80°C, Avoid freeze / thaw cycle.
Limitation:	For research use only, not for use in diagnostic procedures.
