

P2C-P3A (HAV)

Cat No.: 01-15-0013

Product Name: P2C-P3A (HAV)

Description: P2C-P3A (HAV)

Type: Protein

Property: The E.Coli derived recombinant protein contains the

P2C-P3A immunodominant regions, amino acids

1392-1521.

Source: E.coli

Applications: WB standard, Ab ELISA, immunogen, etc.

Formulation: Each vial contains 100 ug purified protein(1mg/ml) in

PBS(pH7.4).

Purity: >95%

Storage: Store at -80°C, Avoid freeze / thaw cycle.

Limitation: For research use only, not for use in diagnostic procedures.
