

Antigen EsxB (LHP) (CFP10)(M. Tuberculosis/H37Rv)

Cat No.:	01-00-0018
Product Name:	Antigen EsxB (LHP) (CFP10)(M. Tuberculosis/H37Rv)
Description:	Antigen EsxB (LHP) (CFP10)(M. Tuberculosis/H37Rv)
Type:	Protein
Property:	Purified recombinant protein
Source:	E.coli
Applications:	WB standard, Ab ELISA, immunogen, etc.
Formulation:	Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).
Immunogen:	C-terminal 6xHis fusion protein of antigen EsxB (LHP) (CFP10)(Rv3874) (M. Tuberculosis/H37Rv)(a.a.1-104) (Genbank Accession No. NP_21839). 10KDA culture filtrate antigen. Contains probable coiled-coil from aa 49-93. Belongs to the ESAT6 family. Note
Purity:	>95%
Storage:	Store at -80°C, Avoid freeze / thaw cycle.
Limitation:	For research use only, not for use in diagnostic procedures.
